

Verkada Footage Archiving & Download Guide

For Store Managers — Verkada Command Web & Mobile App

Method 1: Verkada Command (Web)

Use this method for detailed review and management on your desktop or laptop.

- Log in at command.verkada.com
- Navigate to the Cameras tab and select the camera you need.
- Click the Archive tab below the live camera feed.
- Click Add Archive.
- (Optional) Add notes to help identify the clip later.
- Click Create Archive to save the footage to the cloud.

Method 2: Verkada Mobile App

For quickly capturing footage while on the move.

- Open the Verkada Command app and log in.
- Go to the Cameras tab and tap the camera of interest.
- Tap the Archive tab → Add Archive.
- Enter start and end times and add any relevant notes.
- Tap Create Archive.

How to Download Archives

- Navigate back to the Archive tab.
- Select the specific clip you want to download.
- Click or tap the Download icon (downward arrow) to save the file.
